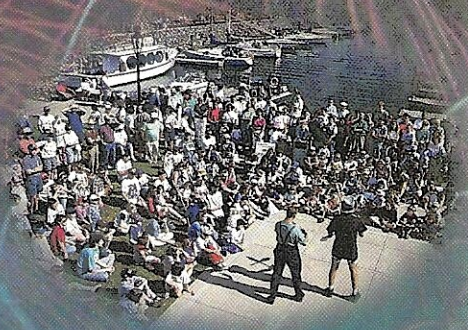
OUR PAST IS A BLAST



From the time our Summer gets started...

...our Capital City is ready with lots to see, lots to do and lots to enjoy. Because Charlottetown is the Birthplace of Canada, it takes an entire weekend (June 28 to July 1) for us to celebrate it.

At the end of our summer, we turn back our clock for the Festival of the Fathers, right on the Charlottetown waterfront (August 29 to September 1). But the fun doesn't stop there. You can spend an entire summer enjoying our new waterfront boardwalk, our endless list of day and nighttime activities and our historical places to visit.

How to use our guide

THE 1996 VISITORS GUIDE is a complete vacation planning manual. The first section is designed as a visual tour of Prince Edward Island. It offers beautiful scenery combined with ideas on some great things to see, do and experience this year. The **DayTour** section (pages 38-152) contains information on accommodations, attractions, activities, sightseeing tours, and restaurants.

This colour-coded map outlines our six **DayTour** regions. They appear from west to east in the Guide beginning with North By Northwest and finishing with Hills & Harbours. The PEI Highway Map accompanying the Visitors Guide is also colour coded for the **DayTour** regions.

HERE'S AN EXERCISE

Follow this simple exercise to help familiarize yourself with the Guide. Someone told you about a great Celtic festival in Summerside but you need to know more.

Step 1... On the PEI Highway Map locate the city of Summerside. Take note of the colour coded DayTour section it is located in (light blue Ship to Shore).

Step 2... Find the Ship to Shore DayTour section in the Visitors Guide. The page tabs are the same colour as on the map.

Step 3... The Festivals & Events listings for this region will show you all you need to know about Summerside's Highland Gathering.

If you're looking for accommodations or anything else, repeat steps 1-3. It's as easy as that. An index of all **DayTour** listings begins on page 153.

Nous avons publié une brochure en français sur l'Île-du-Prince-Édouard et des téléphonistes bilingues peuvent répondre à vos appels. Composez **1-800-463-4734**.

NORTHUMBERLAND STRAIT BRIDGE, BORDEN-CARLETON

In 1997 Prince Edward Island will be connected to the mainland by a bridge. Tours of this enormous construction project are being offered again in 1996. Call 902-437-7273 for details.

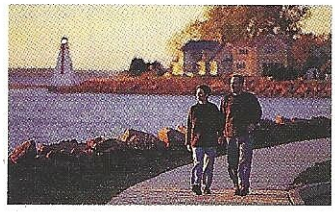
Summer is only part of our story

IT'S THE DIVERSITY of colours that makes Prince Edward Island so breathtakingly beautiful. If ever there was a time when these colours are most vibrant, it's in late May and June when the bright green shades of life start sprouting from our fertile red loam and vivid purple lupins line the roadsides.



CHARLOTTETOWN, IN SEPTEMBER

But it would be unfair to speak of spring without giving mention to the fiery colours that come with autumn on the Island. As September draws to a close the rural landscape becomes a symphony of yellow, orange and red and an afternoon stroll becomes a quiet discovery into the essence of fall.

Late spring and fall are considered the quiet time since most of our visitors come between mid-July and the end of August. It's the perfect time because the pace is less hurried and there are **great values** on everything from accommodations to pottery.

SOUTH LAKE, IN LATE JUNE

"'What so fair as a day in June?' This has been one of its fairest. The whole world seems abloom. As I sit here at the window of my 'den' I look down on a wide green field lush with neatly sprung clover, a lane where I know purple violets are growing thickly and an orchard arrayed as if for a bridal in rose and snow. It is just good to be alive in a world where there are Junes." June 5, 1905, Lucy Maud Montgomery, *My Dear Mr. M*

A LINK TO THE FUTURE

A WORLD CLASS ENGINEERING MARVEL...
An attraction in its own merit, this 13 kilometre bridge will be the longest in the western hemisphere. This project is being built by Atlantic Canadians for the convenience of residents and visitors alike. It will be ready to take you across the Northumberland Strait in 1997.

A FEDERAL GOVERNMENT CHALLENGE AND A PRIVATE SECTOR RESPONSE...
The 1873 Terms of Union between Canada and Prince Edward Island places a constitutional obligation on the federal government to maintain "continuous communication" between the Island and the mainland. The government challenged the private sector to fully finance, design build and operate a structure to replace the existing Borden-Tormentine ferry service. Strait Crossing Development Inc. met the government challenge and was awarded the contract in October 1993. As of 1997, and for the following 35 years, the taxpayers' cost for the bridge will be no more than that of the ferry service.

ENVIRONMENTALLY SOUND...
This project is setting the standard for environmentally sound development. The developer's Environmental Management Plan is a responsible commitment which assures that construction and operation of the bridge are carried out in an environmentally sound manner.

A VALUABLE ECONOMIC ASSET ...
The construction of the bridge is contributing to economic renewal in Atlantic Canada. 70% of the goods and services required and 96% of the labour is coming from the region. When completed, it will become a vital link in the improved transportation system that will take Atlantic Canada into the twenty first century.

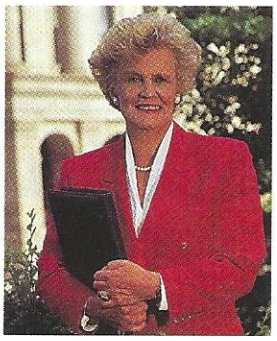
An Island welcome

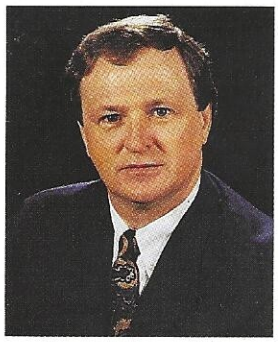


PRINCE EDWARD ISLAND welcomes all new and returning visitors to our province. As Canada's birthplace we have a unique history and much to offer visitors. We pride ourselves on our warm and friendly people and invite you to discover the many nooks and crannies in our province.

As you stroll over miles of warm sandy beaches, remember that summer is only part of our story. As you enjoy the enchanting colours of our summer landscape, remember that fall and a whole new range of spectacular scenery and activities are just around the corner.

As you contemplate your holidays this year, make Prince Edward Island a must in your travel plans.

Catherine Callbeck
Premier of Prince Edward Island

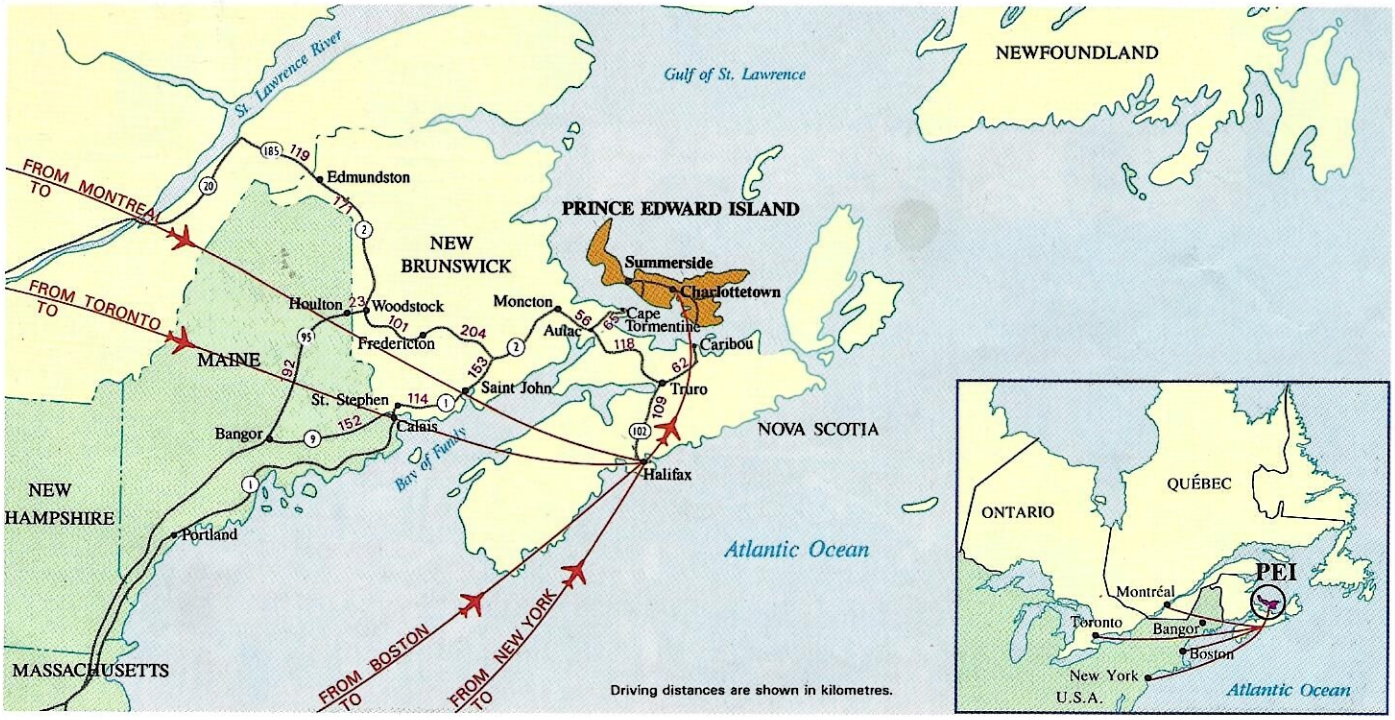


GROWING UP on Prince Edward Island, I always found lots to do. Community parties were among our favourite activities. And we enjoyed getting out in the woods or on the water.

As a visitor to the Island in 1996, you will find just as much to entertain and amuse you. We have live theatre across the province, ceilidhs on every corner and community festivals on every weekend. You can hike our trails and paddle our waters, take a quiet walk along the beach or enjoy a game of golf on one of a dozen excellent courses.

Welcome to Prince Edward Island; enjoy your visit!

Robert Morrissey
Minister, Economic Development and Tourism

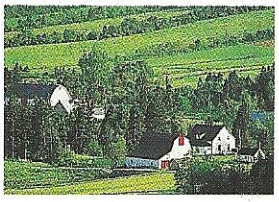


Visit one of our eight provincially operated Visitor Information centres located at Borden, Summerside, Portage, Cavendish, Charlottetown, Wood Islands, Pooles Corner and Souris. These centres open between late-May and mid-June and most remain open until Canadian Thanksgiving, with the Charlottetown Centre operating year round. Call us anytime **1-800-463-4PEI** (4734) for information.

A memory around every corner

ACROSS THE BAY, Cape Islanders nestle against the docks as another day in the fishery approaches. Rich, red clay roads wind their way through pastures to the warm inviting waters of the Gulf of St. Lawrence. Vibrant colours of **purple, green and red** awaken the senses and a memory lies around every corner.

This is an Island like no other. The crest of each new hill provides the opportunity for another visual memory and the dawn of each new day brings the promise of more spectacular scenery. From the seemingly



NEW GLASGOW

perfect arrangement of farm buildings to the 19th century splendour of old homes, sightseeing on Prince Edward Island is as easy as waking up in the morning.

Explore Prince Edward Island by sea, air, pavement, clay or sand. No two ways are the same, and all offer a striking glimpse of this postcard perfect location.

Our **DayTour** sections, beginning on page 40, offer many great ideas on places to visit and things to see.

"The 'Watch Tower' was the largest and highest dune of the sand-hills and the view from it is, I believe, the most beautiful and satisfying ... I could see from it almost everything ...the old church hill and graveyard, the school, the woods that held Lover's Lane, the old red roads, ...the shining sandshore, the red rock shore and the sweep of azure sea." Come play on our Island

IS THERE REALLY that much to do? In a word – yes. Experience the **exhilaration of speed** and grace at the harness races in Charlottetown or Summerside. Sit back and enjoy a play at the Confederation Centre of The Arts or one of our many local theatre or dinner theatre productions across the Island.

THE CHARLOTTETOWN FESTIVAL

Spend a day (or more) at one of our **family attractions** where watersliding, mini golfing and learning are fun for the whole gang. Explore the Island's rich history at Province House National Historic Site and investigate the goings on of an 1860s rural community at Orwell Corner Historic Village. Take a **scenic tour** on a double decker bus, a sail on a two masted schooner or a trip on a seal watching cruise. Whatever the activity, we have it... ready and waiting.

CAVENDISH SANDSPIT

Beaches as plentiful as the sea

GENTLE WINDS SWAY dune grass, creating an immense rolling ocean on land. Sweeping dunes stretch along for miles, bordered by some of the most pristine expanses of beach in the land. Azure waves lap upon the shore with a sound that relaxes the soul. Shore birds frolic in the **warm Gulf breezes.**

The words "beach" and "Prince Edward Island" are synonymous. Since we're surrounded by water, we're also surrounded by beaches. From the high-end amenities of the Prince Edward Island National Park to the solitary sand spits that jut out across our many bays, we have got a beach for all moods. Choose from champagne pink or white sand on the "north side" or the vibrant red of our "south shore" beaches. Beach activities are as varied as the colours with swimming, walking, clam digging, or just plain relaxing; and the waters are warmer than any found north of the Carolinas.

CHARLOTTETOWN DRIVING PARK

Because golfers dream in green

IT WOULD BE HARD TO IMAGINE a place better suited to the game of golf. Lush green fairways, winding rivers, rolling hills, unforgiving marshland and a spectacular coastline are part of the challenge of keeping your eye on the ball.

At 280 kilometres from "tip to tip," the Island has become a premier golf destination unto itself. With 12 courses, and resorts at Mill River, Brudenell River and Rustico, it is easy to golf more than one course on the same day. Three very distinct characteristics reign true throughout: **playability, accessibility** and most importantly, **affordability**. Our green fees range from $18 to $45, so the pocketbook will not take a beating.

MILL RIVER GOLF COURSE

Our signature course, The Links at Crowbush Cove in Lakeside, is set against the pounding surf of the Gulf of St. Lawrence and features sweeping dune systems, pristine marshlands and undulating terrain in the true links tradition. Designated **"Best New Course in Canada"** by *Golf Digest* in 1994, this course is a golfer's dream to play. And the view from #11... well, we'll just leave that as a surprise.

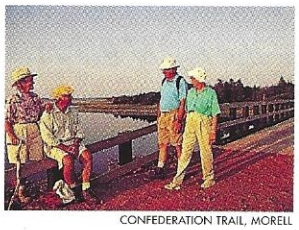
The adventure begins here



CONFEDERATION TRAIL, MORELL

WHEELS SPIN SWIFTLY over the red shale that leads down to the shore. Panniers are packed with the makings of a glorious feast that comes after unique Island adventures.

But it doesn't stop with cycling. The magic of Prince Edward Island's nature can be discovered in any number of ways. **Sea kayaking excursions** explore our coastline from the outside looking in. During the summer, harbour seals can be viewed from a **seal watching cruise**. In February take a helicopter tour of the ice floes to see thousands of newborn harp seals.

Hiking is definitely a great way to see Prince Edward Island. Several communities have converted miles of abandoned rail lines into a network of trails called the **Confederation Trail**. The trail winds through some picturesque corners of the province that can't often be seen from the highway. Bikes are also welcome, as well as snowmobiles in winter.

What else is there to do? Well, how about... over **315 species of birds** to watch; deep-sea fishing for mackerel, cod, flounder or giant bluefin tuna; inland fishing for trout or Atlantic salmon; sailing; windsurfing; cross-country skiing; snowmobiling; canoeing or just sitting on a hillside taking in the view. The adventure is here, come on out and enjoy it!

"...Prince Edward Island's roads are made just for cyclists. Uncrowded, gently rolling, usually cooled by an ocean breeze, they're either paved with asphalt or scraped from the rust red clay that grows PEI's famous potatoes." Jules Older, *Boston Magazine, May, 1995*

KILDARE CAPES

Where the "goings on" never stop

PRINCE EDWARD ISLANDERS have a great spirit of community. Rich Scottish, Irish, and Acadian traditions are celebrated often through **festivals and events** in small towns and villages across the Island. Usually these take the form of a Ceilidh or a house party and three things are always guaranteed: the music is live, the atmosphere is charged, and a good time is had by all.

Scottish fans will enjoy the Summerside Highland Gathering which takes place at the College of Piping and Celtic Performing Arts in late June. Experience our rich Canadian history at the Festival of the Fathers, or our diverse arts scene at the Charlottetown Festival or the Lucy Maud Montgomery Festival. The Festival & Events listings in the **DayTour** sections give a complete picture of all that's going on across the Island this year. Details will also be posted at all Visitor Information centres.

Island nights

WHEN THE SUN LAST DANCES on the waters of the Northumberland Strait, the excitement is only beginning.

Step out and enjoy the variety of night-time activities that Prince Edward Island offers. A night out could include a meal at one of our fine restaurants or **traditional lobster suppers**, followed by live music or a theatre production and finishing with a nightcap at a harbourside pub. For night owls, several night clubs offer dancing into the wee hours. Nightlife, Island style, is friendly, laid back, and always a good time.

Just as Lucy Maud imagined

ANNE OF GREEN GABLES™ is Canada's most famous fictional character. Her trials and tribulations as detailed in **Lucy Maud Montgomery's** popular novel have led many a curious reader to our shores.

The "Anne" phenomenon reaches to the four corners of the globe and is demonstrated every year as over 350,000 people visit Green Gables House National Historic Site in Cavendish. **Other attractions** include the Lucy Maud Montgomery Birthplace in New London, the Site of L. M. Montgomery's Cavendish Home, and the Anne of Green Gables Museum in Park Corner.

PARK CORNER

The most memorable and moving attraction is the musical production of *Anne of Green Gables* at the Charlottetown Festival. Playing for over 30 years at the Confederation Centre of The Arts, *Anne* is Canada's most successful musical production.

For more information on all things "Anne," consult the attractions listings in the **Anne's Land DayTour** section starting on page 68.

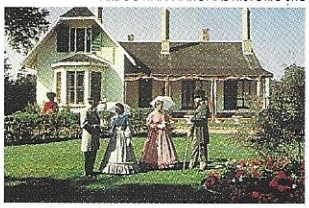
The only way to celebrate Canada

CANADIAN HISTORY IS ALIVE and celebrated in Charlottetown. The 1864 Charlottetown Conference was the first meeting that eventually led to the proclamation of the Dominion of Canada in 1867. Because of this meeting, the City of Charlottetown is now known as the "Birthplace of Confederation."

In Charlottetown, **Canada Day** (July 1) **celebrations** last three days. Throughout the summer, historical vignettes are acted out daily at Province House National Historic Site. Preserved to its 1860s appearance and still our functional legislative building, a visit to Province House is an ideal sojourn into early Canadian and Prince Edward Island history. Just next door at the

ARDGOWAN NATIONAL HISTORIC SITE



Confederation Centre of The Arts, the lively ***Spirit of a Nation*** is performed in an outdoor amphitheatre. The Victorian architecture on surrounding streets is a window to a time gone by and the shops and outdoor cafés are a hive of activity.

Charlottetown's newest attraction is **Confederation Landing** park on the waterfront. This tribute to the Fathers of Confederation is the centre of activity for all kinds of concerts and celebrations like the **Festival of the Fathers** at the end of August.

All about PEI

ALL ABOUT PEI is really an ideas section with some essential travel information included. For example, you'll find information on transportation, laws, health, outdoor stuff and shopping. For fun, we've even included some Island trivia.

FREQUENTLY ASKED QUESTIONS

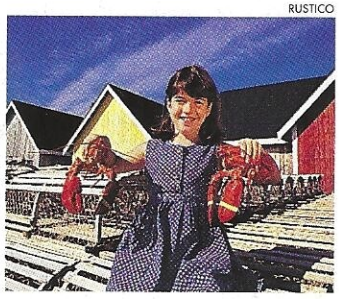
How big is the Island?
It's just 280 km (or 170 miles) from "tip to tip" so it's quite possible to explore every nook and cranny.

What's the weather like?
- **Spring** is comfortable. Late May and early June are alive with colour and temperatures range from 13 to 3°C (56 to 38°F).
- **Summer** is hot, but rarely humid. We wear short sleeves. Daytime temperatures are usually in the 20s (70s) and sometimes go as high as 32°C (90°F).
- **Autumn** is beautiful. Wooly sweaters with patches on the elbows. Temperatures range from 12 to 4°C (53 to 39°F).
- **Winter** is crisp and clean. Temperatures range from -3 to -11°C (26 to 11°F).

Where are the beaches?
Actually, they're too numerous to mention here. Check out our highway map and look for little umbrellas dotting the coastline.

How do you get to PEI?
By car. We're connected to the mainland by two ferry services. Marine Atlantic sails from Cape Tormentine, NB to Borden, PEI; and further to the east, Northumberland Ferries travels between Caribou, NS and Wood Islands, PEI. For crossing schedules call Marine Atlantic at 1-902-437-2030 or Northumberland Ferries at 1-902-566-3838. For the best routing from your area, CAA and AAA offices throughout Canada and the US can provide detailed "trip tiks."

RUSTICO



By air. Charlottetown is a quick 25-minute flight from Halifax and easy connections to major cities in the United States and Canada. Air Canada, and two regional carriers, Air Nova and Air Atlantic, service PEI. During the summer months, charter flights are offered direct from Toronto and Montreal. Call your travel agent for more details.

By motorcoach. Companies across North America offer tours of Prince Edward Island by bus. Contact your local travel agent or bus company.

What's the transportation situation on the Island?
Rent a car. Most major car rental companies have offices in Charlottetown and there are also several in Summerside. Or sign up for a bus, bike or taxi tour of the Island.

Can I hold a convention on PEI?
The Island is a favourite with meeting-goers. Call the PEI Convention Bureau 902-368-3688, or fax 902-368-3108.

NORTH LAKE

MORE FREQUENTLY ASKED QUESTIONS

What's the deal on US dollars and taxes?

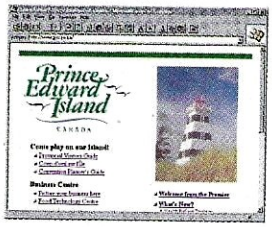
It is a deal. One US dollar will be worth about $1.30 in Canada. Businesses will usually be happy to give a fair rate of exchange and banks can exchange larger amounts of currency at the daily rate. If you live outside Canada, save receipts on goods you're taking home and get a refund on the 7 percent Goods and Services Tax. Rebate forms are available at all Visitor Information centres or call Revenue Canada at (902) 432-5608 upon returning home.

Do US laws apply in Canada?

Canadian law does differ from that of the US. For specific questions on laws or customs regulations, consult the Canadian Consulate in your region.

What's the drinking age?

The legal drinking age on PEI is 19. Beer, wine and liquor are sold at 16 outlets across the Island which are open Monday through Saturday. The import of liquor into the province is regulated. Drinking on any of the public beaches on the Island is against the law.



Is PEI in Cyberspace?

Yes we are. Connect to us on the internet at the following address: http://www.gov.pe.ca/info/

PINETTE

Camping

We have over 50 campgrounds or RV parks on Prince Edward Island. Information on national, provincial and private campgrounds can be found under the Camping heading in each **DayTour** section.

Clam Digging

This is a time-honoured Island tradition. Before digging, just ask the staff at any of the Visitor Information centres for recommended areas, or consult a Fisheries and Oceans Canada office.

Cycling

Enjoy cycling tours with MacQueen's Bike Shop, Freewheeling Adventures, or Smooth Cycle (all on page 107).

Bikes may also be borrowed or rented from several country inns, resorts or campgrounds.

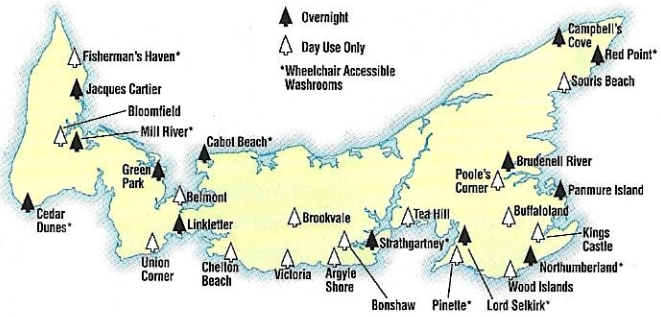
CHARLOTTETOWN

List of campgrounds see index page 153

Hiking

Try these trails out. The Confederation Trail, Scenic Heritage Roads, and PEI National Park trails in Dalvay, Stanhope and Cavendish. Ask at the Visitor Information centres for directions to the nearest trail.

Take a hike! With Auburn Isle Hiking Tours (page 38), Island Nature Trust Tours (page 38), or Scott Walking Tours (page 39).



Provincial Parks

There are provincial parks clear across the Island. Guided nature walks, concerts, evening campfires, interpretive programs and volleyball tournaments are just some of the activities that are organized for everyone's enjoyment. Provincial Parks publishes a calendar of events, so look for it on posters at Visitor Information centres.

CABOT BEACH PROVINCIAL PARK

Seal Watching

Cavort with the seals on Captain Garry's Seal & Bird Watching Tours (page 147), or Cruise Manada Seal-watching Boat Tours (page 146).

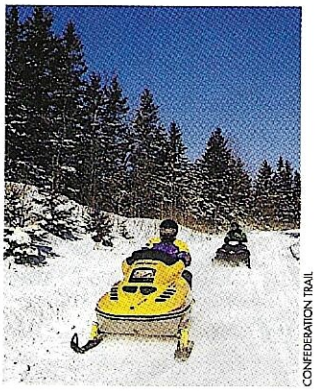
OYSTER BED BRIDGE

Sport Fishing

There are over 100 trout-fishing holes, some great rivers, as well as numerous charter outfits for deep-sea fishing for cod, mackerel or the great Bluefin Tuna. For some inside information, or to hire a guide, try Island Rods and Flies (page 111). For the hassle-free stocked pond experience, check out Ben's Lake (page 147).



CONFEDERATION TRAIL

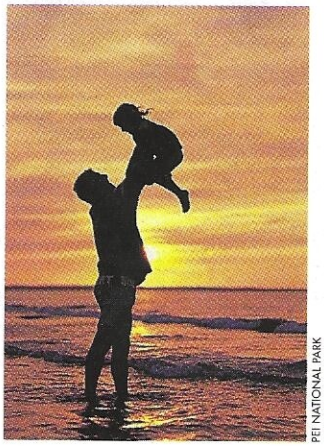
Winter

The rolling hills of PEI are a cross-country skier's paradise. Groomed trails are located at Brudenell River and Mill River provincial parks, the PEI National Park, and Brookvale Nordic Touring Centre. Alpine skiing with chair lifts, night lighting and a lodge is also found at Brookvale.

The **Confederation Trail** in winter is a cross-Island groomed snowmobile trail complete with signage and club houses.

KIDS' STUFF

"Hey Mom, can we go to the amusement park now?" is a frequently heard remark from the back seat of the mini-van, and Cavendish is the ideal solution.



PEI NATIONAL PARK

Home to more than a dozen attractions, including Green Gables House – not to mention Canada's most famous beach – this community is kids' heaven. Look for The Great Island Adventure Park, The Enchanted Castle, Cranberry Village, King Tut's Tomb & Treasures, Rainbow Valley, Cavendish Sandspit, Ripley's Believe It or Not! and Royal Atlantic Wax Museum. Check the **DayTour** sections for complete listings of family attractions.

RAINBOW VALLEY

REALLY FINE FOOD

Food glorious food. Prince Edward Island is a veritable harvest of all things fresh. Sink your teeth into fresh lobsters, big juicy *Malpeque* oysters, *Island Blue* mussels, succulent strawberries and mounds of new potatoes. We're not called the million-acre farm for nothing. To sample our fresh primary products in the prepared form, consult the Dining listings in the **DayTour** sections.

ISLAND HERITAGE

When French explorer Jacques Cartier first set foot on the shores of PEI in 1534, he knew he wasn't alone.

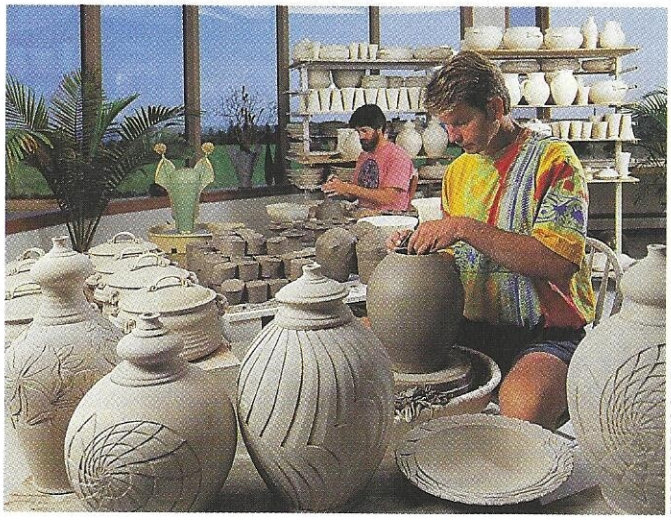
ABEGWEIT TRADITIONAL POW WOW

Long before the French, or anybody else for that matter, the Mi'kmaq lived harmoniously off the bounty of the sea and land they called *Abegweit*. The Mi'kmaq continue to live here, preserving their colourful crafts and culture, and practicing their traditional ways of life. Along with the French Acadians, the Mi'kmaq saw settlers from England, Scotland and Ireland. In later years, the cultural mosaic was enhanced by newcomers from many other countries.

Today, our Island is rich with the colourful traditions of our ancestors. Music is a vital part of our lives and it is steeped in the varied sounds of the Acadian, Scottish and Irish culture.

Explore our Island heritage through our numerous museums and heritage sites. Information can be obtained in the Attractions listings in the **DayTour** sections.

List of crafts shops see index page 153



THE DUNES STUDIO GALLERY

SHOPPING, ISLAND STYLE

Inspired by the images of our landscape, Island artists and crafts people create hand-stitched quilts, pottery bowls, intricate wood-working and woven tapestries. Dozens of shops, from quaint to sophisticated, are dotted all across the Island. The PEI Crafts Council publishes a directory which is available at all Visitor Information centres or from the Council (902-892-5152). Watch for the Crafts listings in the **DayTour** sections.

We also have lots of shopping downtown and in malls in major communities, as well as the fun atmosphere of boardwalk boutiques and summer shopping outlets in places like Cavendish.

Follow the Stars to Quality Accommodations

To select the recommended star property that best suits your preference while enjoying the beauty and enchantment of Atlantic Canada, use the Canada Select Accommodations Rating Program. Whether you're looking for a quality resort or a bed and breakfast you'll find the answer in the stars! Canada Select assesses and rates properties to ensure that they meet or exceed the highest in customer expectation and satisfaction. In general, the more stars, the higher the quality and greater the array of facilities, services and amenities.

To provide a fair comparison when rating various accommodation types, we've divided them into four main categories: Hotels or Motels, Inns or Bed and Breakfasts, Resorts or Cottages and Fishing or Hunting properties.

Star ratings mean: ★ Clean and comfortable ★★ Clean and comfortable, some amenities ★★★ Very comfortable, various facilities and services ★★★★ Superior quality and services ★★★★★ Exceptional, among the country's best.

Symbols and rating information

Owners of accommodations in Prince Edward Island are invited each year to participate in the Canada Select Rating Program. Accommodations have been categorized according to the national program as listed below. The ratings ensure that facilities meet nationally defined standards as described in the star ratings section. The ratings are based on extent and quality of facilities, extent of services and amenities and incorporate cleanliness and state-of-repair guidelines.

All accommodations listed in the PEI Visitors Guide are inspected and meet minimum provincial standards. The rating program is voluntary, so facilities and services at many unrated accommodations compare favourably to rated accommodations.

Your comments and questions are welcome. Please contact:

STAR RATINGS

★ Clean, comfortable accommodations.

★★ Clean, comfortable with some amenities

★★★ Very comfortable accommodations with a greater range of facilities, guest amenities and services.

★★★★ The highest standard with an extensive range of facilities, guest amenities and services.

★★★★★ Exceptional, among the best in the country.

1/2 stars (½) are assigned for ratings between grades.

HOW TO USE THE LISTINGS

Within each of the **six colour-coded DayTour** regions, accommodations are listed alphabetically according to the rating categories. The rated accommodations are highlighted with a gold bar.

Trailers are listed in the DayTours but are not now inspected under the guidelines of PEI's *Tourism Industry Act*. Tourist operations have varying degrees of accessibility to the disabled. Some accommodations provide accessibility ratings. Please contact individual operators for details. Information in the Guide about accommodations has been supplied by the operators. Rates are guaranteed but not the accuracy of the descriptions. Weekly rates refer to bookings of seven nights. Most prices as listed do not include tax. **Many accommodations list toll-free numbers**; call direct and call early to reserve the accommodations you want. If you are unable to honour your reservation, please notify the accommodations operator.

There are **four hostels** in PEI. In Charlottetown The Canadian Hostelling Association may be reached at (902) 894-9696. A listing for Midgell Centre may be found on page 132, The Tignish Heritage Inn & Hostel is listed on page 46 and A Place to Stay on page 135.

North by Northwest Day Tour

JUST OFF SHORE, near the northern tip of Prince Edward Island, stands a dramatic and unusual rock formation. Elephant Rock, as it is known, has been carved over the centuries by the forces of wind and water. Elephant Rock is only one of many special places and unique attractions in the North by Northwest region. Take a tour and discover an area of **unspoiled splendour**, secluded beaches and picturesque fishing and farming communities.

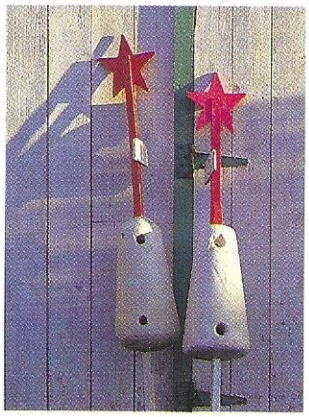
JUDES POINT

The Lady Slipper Drive follows a scenic route along the coastline of the region, but the true explorer will enjoy venturing off the designated route for worthwhile side trips. Off Route 2 in O'Leary, the Potato Museum's exhibits are naturally all about potatoes. In a province where the potato is king, this is a "must see."

A climb to the top of the West Point Lighthouse (Route 14 to the west shore) might reward you with a glimpse of the sea monster or the phantom ship reportedly sighted from there. The scenic route along the Island's west coast takes you by some major Irish Moss harvesting areas. In Miminegash on Route 152, an Interpretive Centre displays exhibits on the Irish Moss industry. Don't forget to order up your **serving of Seaweed Pie** at the Seaweed Pie Café!



Visit places with unusual names like Seacow Pond, Ebbsfleet, Ascension, Christopher Cross, and Skinners Pond – the childhood home of Stompin' Tom Connors, the singer who has extolled the "bright red mud" of PEI in many of his original compositions.

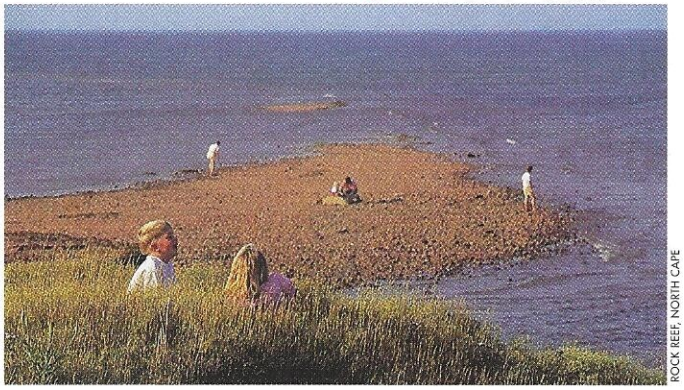
VISIT PLACES with unusual shapes, like Elephant Rock at Norway, the spectacular rock reef off North Cape or the king-size, road-side guitar at Bloomfield.

At North Cape, explorers may collect a ribbon to commemorate their visit to the most northerly point of Prince Edward Island. But to achieve full recognition in the "tip-to-tip" program, you will have to venture further afield to the East Point Lighthouse. A visit to North Cape is an opportunity to **learn all about windmills** and wind energy at the Atlantic Wind Test Site, the natural history of the area at the North Cape Interpretive Centre and Gift Shop as well as enjoy a meal at the Wind & Reef Restaurant.

BLOOMFIELD

Your visit to Tignish should include a stop at the St. Simon and St. Jude Church where a magnificent pipe organ is still used. And a new inn, the Tignish Heritage Inn and Hostel, has been opened at a former convent.



ROCK REEF, NORTH CAPE

If you like to know how things are made and what they are made of, you should definitely visit MacAusland's Woolen Mill, where wool is carded, spun and woven into fine woolen blankets for sale along with quality Island crafts in the Old Mill Craft Company. Other craft shops in the region display the best that local artisans have to offer.

Discover the little-known beaches in the region, including those at Jacques Cartier and Cedar Dunes

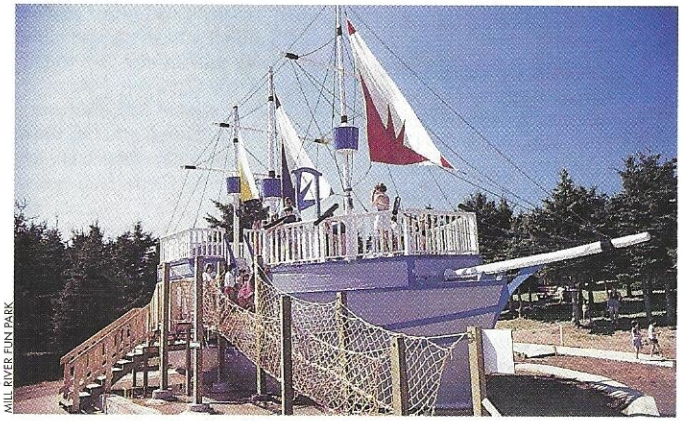
MILL RIVER

provincial parks at Kildare and West Point. Consider pitching your tent at a site near the water there or at one of the many excellent campgrounds in the region.

The North by Northwest area has activities for adventurers of all ages. The Alberton/Mill River area makes a great destination for a **family vacation** at almost any time of year. The fun of Mill River Resort in winter is a secret which is well kept by Island residents.

You may find it hard to choose just one activity from all that's available in the North by Northwest region, so be prepared to stay overnight and try them all: deep-sea fishing from Alberton or Tignish; the Prince Edward Island Miniature Railway at Kildare; a day on the water-slides at the Mill River Fun Park; a visit to the Mill River Station Boardwalk with restaurant, gift shop and ice cream stand; and 18-hole championship golf or tennis at Mill River Resort.

MILL RIVER



MILL RIVER FUN PARK

From campgrounds to cottages on the shore, from resorts to bed & breakfasts, the choice of accommodations could also be daunting. Why not be the first on your block to **spend the night in a lighthouse** or to take a room in a former convent? To help you make your decision, the listings on the following pages give detailed descriptions of overnight establishments, attractions and more.

ATTRACTIONS

ALBERTON

ALBERTON MUSEUM 853-4048

Church Street. Jacques Cartier's Canadian explorations first brought him ashore at the Canoe River in present-day Alberton. The former town courthouse, now a national historic site, was erected in 1878. KILDARE CAPES

Ship to Shore Day Tour

ONE OF THE EARLIEST accounts of a ship launching at Green's Shore, now Summerside, seemed to turn-of-century journalist, H. G. Compton, like scenes from a dream: a fully rigged schooner drawn by a team of sinewy oxen, trailed by a crowd of wide-eyed school children for its launching into the ice of the harbour. The **Age of Sail** in this region was a time of great excitement and economic activity.

As a leading shipbuilding centre in the 1800s, Summerside developed rapidly. A drive up the residential streets of the town will take you back to a time when shipbuilders and fox breeders were the Island's high society. Some of

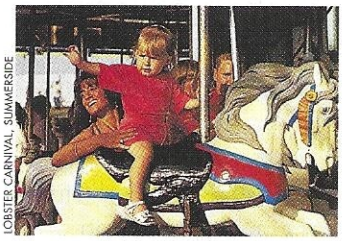
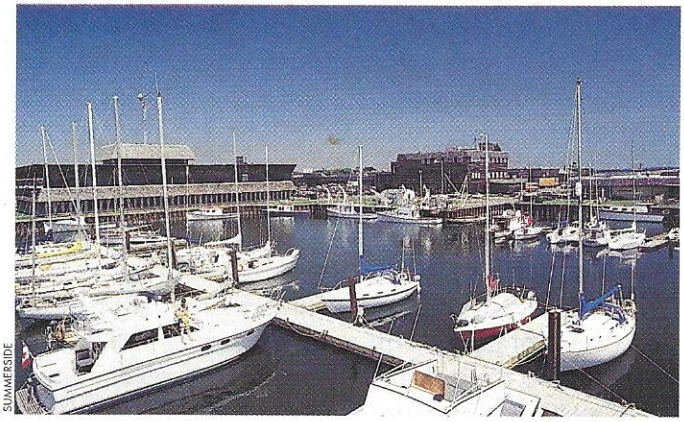
the elegant homes built over a hundred years ago have been dubbed "fox houses," a term which owes its origin to **fortunes made and lost** in the silver fox industry. In 1911, Frank Tuplin, one of the first to commercialize the industry, traded a breeding pair of silver foxes for a luxurious new home on Beaver Street! The International Fox Hall of Fame and Museum on Fitzroy Street will tell you more about this fascinating industry.

Find out what's on display at the Eptek National Exhibition Centre on the waterfront, and shop on the boardwalk at Spinnaker's Landing. The new Harbourfront Jubilee Theatre will be featuring a down-east musical with traditional song, dance and humour.



LOBSTER CARNIVAL SUMMERSIDE



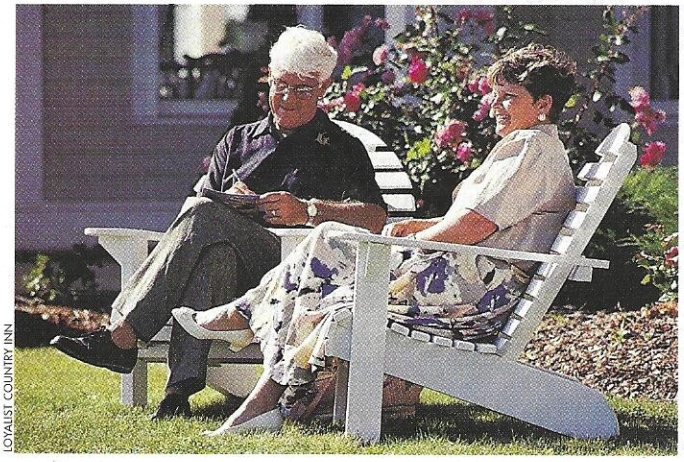
SUMMERSIDE

No doubt you will find a major sporting event is scheduled in town, for Summerside has gained a reputation for hosting international level tournaments. The city is the permanent home to the Canadian Peewee Baseball Championship.

More on where to stay page 55

IN FACT this city espouses the **"never a dull moment"** philosophy, starting with the town crier's proclamation at Spinnaker's Landing, and continuing throughout the summer with a whole series of festivals and sports events. The volume picks up with the Summerside Highland Gathering in June and the Hydroplane Regatta in the harbour at the first of August. Lobster Carnival is in mid-July, and the Summ Fun and Games Fest in mid-August entertains with a golf tournament, Children's Art Festival, The Parade of Lights, cruise night, concerts and the appearance of the Snowbirds (Canada's premier air troupe) in the skies over Summerside.

The area is also home to the prestigious Andrews Hockey Growth Program. Slemon Park Sports Centre is billed as **"a rainy day fun place,"** with its indoor pool, bowling alleys, tennis and aerobics. There is harness racing most of the year at the Summerside Raceway with an especially busy schedule during Lobster Carnival in July.



LOYALIST COUNTRY INN

If you are a fan of the skirl of the bagpipe and the twirl of the kilt, the College of Celtic and Performing Arts of Canada hosts a **summer concert series** on Thursday evenings.

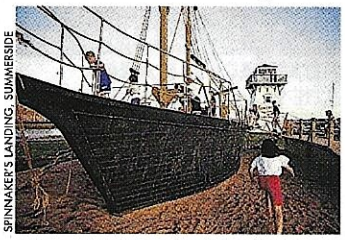
ABRAM-VILLAGE

ACADIAN FESTIVAL

Summerside, with its central location and wide range of accommodations, makes a perfect base for touring. Choose from the luxurious Loyalist Country Inn, the traditional Silver Fox Inn, the convenient Garden of the Gulf or Linkletter inns, or one of the many bed & breakfasts or tourist homes.

While the French established settlements in communities across the Island, one of the regions where the Acadian culture still thrives is in the Ship to Shore area. **Brightly painted houses**, tricoloured flags – local colour abounds in the Evangeline Region. You will find an excellent introduction to the history of the Acadians at the Acadian Museum in Miscouche. For a more complete immersion in Acadian culture, Le Village in Mont-Carmel (a half-hour drive from Summerside) houses an Acadian pioneer village, a craft shop, an authentic Acadian restaurant (**try some râpure or pâté**), and a country inn.

If you're not worried about splitting your sides laughing, stay for the enormously popular French-language supper theatre. Audiences have been enjoying Acadian humour for years. The community-run craft shop in Abram-Village is also worth a visit – look for hooked rugs and colourful quilts. And for the ultimate in recycling, visit the Bottle Houses in Cap-Egmont where over 25,000 bottles have been made into fascinating and colourful buildings.



SPINNAKER'S LANDING, SUMMERSIDE

And if you're in the area near the end of summer, join in the Agricultural Exhibition and Acadian Festival.

Follow Lady Slipper Drive around to the north shore (Route 12 at Portage to Foxley River), stopping at the restored Yeo House and Shipbuilding Museum in Green Park, and the **charming village of Tyne Valley** nearby. You will find ample reason to stay over in Tyne Valley. At the Doctor's Inn, for example, you can book a special gourmet meal made from home-grown organic ingredients. Chef Stefan Czapalay serves fine cuisine at the Seasons in Thyme Restaurant, also in Tyne Valley. Shoppers will appreciate the handcrafted sweaters in the region (Shoreline Sweaters has created an original fair-isle design using a lobster motif) or the native crafts at the Indian Art & Craft of North America Gift Shop in Lennox Island. Watch for the new **Micmac Figurine** series which brings to life the Glooscap legends in fine earthenware.

If you have a taste for seafood, you probably know about our **famous *Malpeque* oysters**. Watch from your car window for local fishermen harvesting the tasty shellfish in the Malpeque Bay off this region's north shore. If you're in the area around the first of August you'll want to join in the Tyne Valley Oyster Festival where fiddling, stepdancing, oyster and lobster suppers and an oyster shucking championship are the main events. You might very well get to meet a world-champion oyster-shucker, as winners of this event have gone on to take international shucking titles.

Anne's Land Day Tour

ONCE UPON A TIME there was a spirited, red-haired orphan who had the good fortune to find adoptive parents in Prince Edward Island. Her name was Anne, and although she really lived only in L. M. Montgomery's books, **Anne of Green Gables** has changed her adoptive province forever.

Traces of Anne, and the features of the Island she loved, may be found in corners around the province, but it is on the central North Shore of PEI where many of Montgomery's novels are set. References to the characters and places in the stories abound (Avonlea, Kindred Spirits, Lover's Lane, and so on throughout the community). Of course, for Anne fans, a visit to Cavendish is a "must."

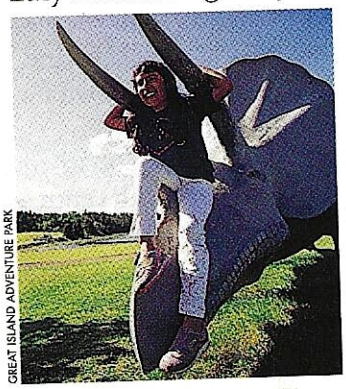
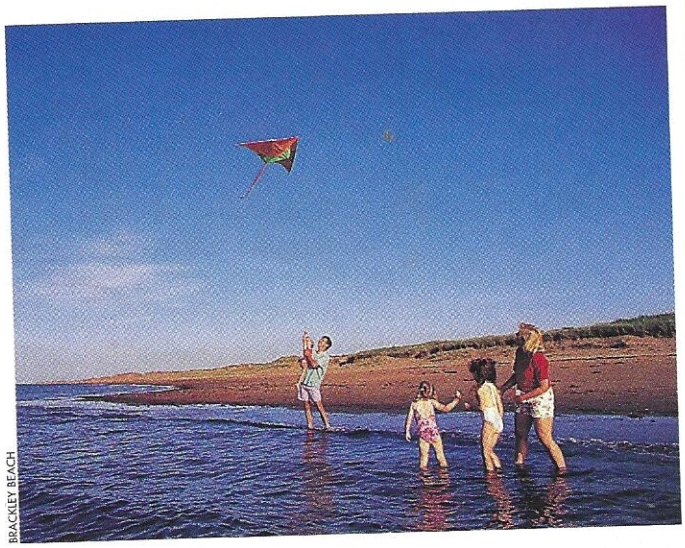
Green Gables House, managed by the Canadian Dept. of Heritage, is the usual first stop on an "Anne" tour. The home that inspired the Green Gables setting has been carefully maintained in the 1800s style, and is staffed by knowledgeable guides. Once you have relived some of the key events in the novel (a broken slate and a puffed-sleeve dress in Anne's room draw you into the story), why not try a walk through the Haunted Wood or down Lover's Lane. Other key "Anne" locations in the region include the L. M. Montgomery Birthplace in New London, the site of her Cavendish home, the Anne of Green Gables Museum at Silver Bush in Park Corner, Lucy Maud Montgomery Heritage Museum and Cavendish Cemetery where the author was buried in 1942. Don't miss the Fourth Annual Lucy Maud Montgomery Festival to be held in the Cavendish area in August. Ice cream socials, dramatized scenes from *Anne of Green Gables* and a barn dance are just a few of the planned activities.



GREAT ISLAND ADVENTURE PARK



BRACKLEY BEACH

For those less interested in "all things Anne," don't worry – this area has something to please beach-lovers, craft shoppers and sightseers. If you have kids, be prepared to spend at least one day visiting **amusement parks and attractions** such as Rainbow Valley, the Great Island Adventure Park, Ripley's Believe It or Not! and Sandspit. A complete list of attractions and amusement parks follows on page 69.

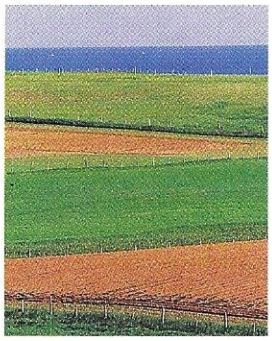
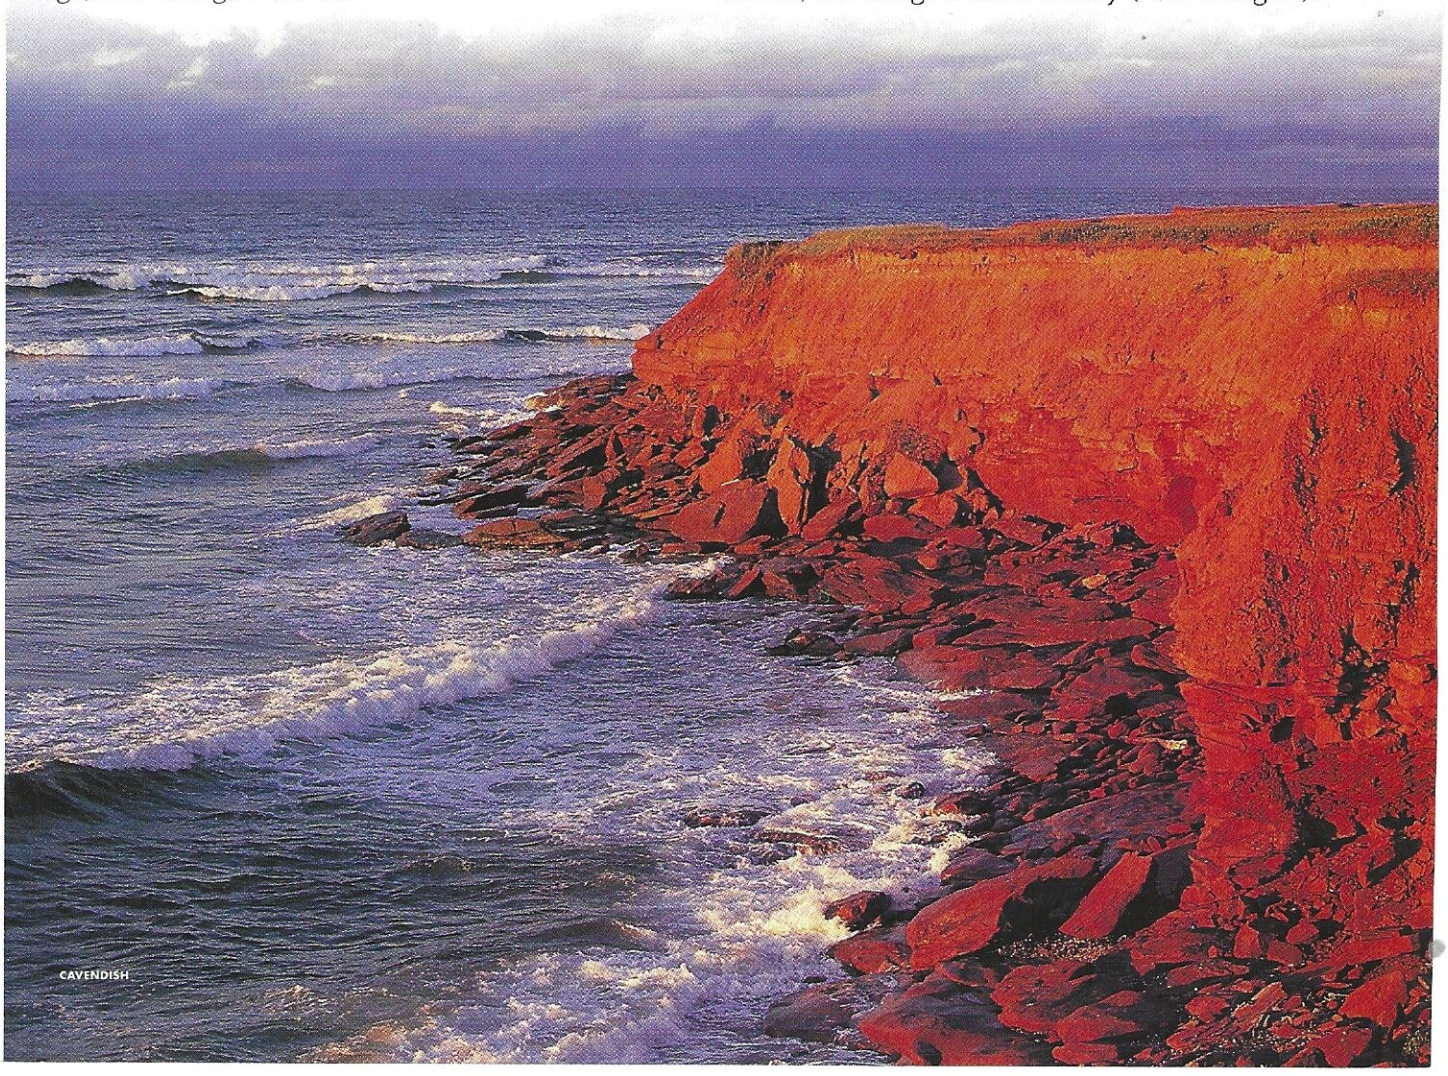
RUSTICO

TO TOUR ANNE'S LAND, take the Kings Byway (Route 2) north from Charlottetown. From there, all roads lead to the North Shore, so take your pick. The Brackley Point Road passes by the Millstream Corral, the Brackley Beach Entertainment Centre, and the Broccoli Beach Lighthouse. Another route to the North Shore (#223 through North Winsloe) takes you by the Cheese Lady's, where gouda is produced according to an **old Dutch recipe**, and visitors are welcome to watch the process and sample the cheese. If you arrive at the North Shore via Route 6 at Bedford, come in for a meal or a visit to the craft shop at the elegant Dalvay by the Sea Hotel (otherwise known as the White Sands Hotel in the popular children's TV series *The Road to Avonlea*). A drive along the dramatic National Park beaches is a "must" for visitors to Prince Edward Island. Don't forget to stop there for a swim in the **warmest ocean waters** north of the Carolinas!



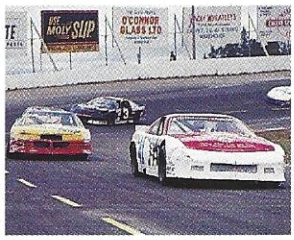
From Brackley Beach join the Blue Heron Drive for a tour around the North Shore. A quick side trip on Route 258 leads to New Glasgow. With the quiet Clyde River meandering through this tiny crossroads village, New Glasgow has the air of a sheltered retreat from the hustle of the outside world. But wait, there is plenty to do here. Shop at the Old Country Store, taste the mouth-watering jams and jellies at the P.E.I. Preserve Company, and sit down for supper at New Glasgow Lobster Suppers.

Rejoin the Blue Heron Drive (Route 258 to Route 6) to North Rustico and Cavendish, both centres for tourist attractions and services. In addition to "Anne" sites, amusement parks and beaches, the area is **a great place to shop**. Look for The Dunes (Brackley Beach), Rustic Dreams in Rusticoville, Gaudreau's Fine Woodworking and The Old Forge (South Rustico) and, for faithful water-colour renderings of the essence of the Island, the Glasgow Road Gallery (New Glasgow).



CAVENDISH

If you plan to stay over in Anne's Land, the area offers a full range of accommodation, from campsite or cottage to motel room or bed & breakfast. In 1996, a number of new inns are inviting guests to join them in classic heritge homes or magnificent locations along the shore. Turn to page 82 for a full list of inns and bed & breakfasts in Anne's Land.



RACEWAY PARK

For a snack, fine dining or something in between, the choice is wide open (see page 73). A meal at a **traditional lobster supper** restaurant is another "must" for visitors to the Island, and you can choose from New Glasgow, St. Ann's, New London, or Fisherman's Wharf in the central North Shore region.

Maybe you're not ready for a "scoff" like a complete lobster supper; **consider a "cuppa"** at one of many charming tea rooms around the region. Catherine McKinnon's crab cakes at her Spot o' Tea in New London are famous. At the Kitchen Witch in Long River, you can have your tea leaves read. Or stop in at the Shining Waters Tea Room on the site of the Anne of Green Gables Museum.

For something a little more active than beaching, dining and shopping, sign up for a deep-sea fishing cruise, golf at one of our great courses (Green Gables, Rustico and Stanhope offer challenging golf with seaside views), even try trail riding or windsurfing. A new motorcycle museum has opened in Cavendish, or check out the auto racing at Raceway Park in Oyster Bed Bridge (see page 71).

Traditional music has experienced a real revival in PEI, and the North Shore is fast becoming "ceilidh central." Look for Rustico Shindigs, Burns Concerts at Rainbow Valley, Concerts on the Green at Woodleigh, traditional music on weekend afternoons at Café St. Jean or Rendezvous Rustico (just to name a few, honest!)

As you travel west along the shores of New London Bay, get your camera ready for classic shots of the scenic fishing villages of French River and New London or the famous lighthouse at CapeTryon. Shoppers will enjoy a visit to Old Stanley Schoolhouse, Granny's Trunk, Stanley Bridge Studio and Linden Cove Antiques. In New London, check out the fine crafts at Memories, New London Crafts and New London Village Pottery.

The New London Bay area is **famous for its fine seafood**; the fish and chips at the New London Seafood Restaurant have been described (by Brits!) as better than home. Learn more about the fascinating sea life of the area with a deep-sea fishing tour, a visit to PEI Aqua Farms, the French River Cannery, or the Marine Aquarium (just off Rte. 238).

At Springbrook we suggest a side trip on Rte.234 to Burlington. Woodleigh with its **charming miniature castles** set in lovely gardens and Burlington Amusement Park with go-karts, bumper boats and mini-golf are fun for the whole family. And watch for hay rides from French River to the shore. The New London Bay area was a favourite of Lucy Maud Montgomery. Her birthplace in New London is open to the public, as well Anne's House of Dreams in French River and the Lucy Maud Montgomery Heritage Museum in Park Corner, where family heirlooms are displayed. At the Anne of Green Gables Museum, also at Park Corner, "Matthew" is available to **take visitors on a wagon ride** around the Lake of Shining Waters.

NEW LONDON

Watch for the dramatic St. Mary's Church in Indian River. Designed by William Critchlow Harris, the church has been lovingly restored by a massive community effort, and concerts are held weekly during the summer.

If you arrive in Kensington on Saturday, drop in to the Farmers Market near the historic stone railway station. If you arrive at the station on a Wednesday, stay for the evening ceilidh. While it is possible to see a replica of this station at the entrance to Canada World in Japan, why not visit the original right here in Kensington? The station, built of large granite boulders, has a place in history as the spot where Lucy Maud Montgomery met the first Prime Minister of Canada.

From Kensington you have many travel options. You may wish to stay the night, travel on to Summerside, or Victoria, or complete your tour through Anne's Land with a visit to Hunter River, a village nestled by the pond at the foot of two grand hills.

ISLAND TRADITIONAL

GREAT GRANDFATHER SHAW opened an inn on the family's pioneer farm in 1860. He wanted to provide a relaxing country lodging for visitors to this fair isle. The Shaw family continues the tradition.

Shaw's Modified American Plan provides superb meals in the daily rates. Each evening, a seafood and a meat entrée are served. Fresh lobster is served twice each week. The Sunday Buffet is legendary, and the desserts outrageous!

The beach is a short walk down a rose-bordered lane, and many leisure activities are nearby.

Charlotte's Shore Day Tour

IN 1996, travellers to Prince Edward Island will be treated to a close-up view of one of the most fascinating construction sites in the world. As construction continues near Borden-Carleton on **one of the world's longest bridges**, ferry passengers will see the huge piers as they are placed in the strait by the twin-hulled floating crane, the Svanen. When completed in 1997, the bridge will measure 9 miles or 13 kilometres, and be made up of 44 spans, some of them almost 200 metres long. To learn more about this amazing project, **take a tour of the construction site** with Strait Crossing Tours. As the gateway to this major landmark, the town of Borden-Carleton is preparing for interested visitors – drop in to the Visitor Information Centre for more details on the fine bed & breakfasts, the warm water, south shore beaches and other activities in the area. ST. CATHERINES

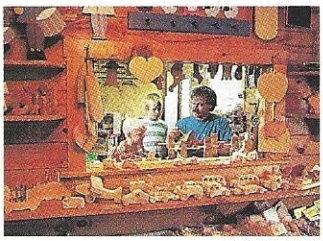
Route 10 in Cape Traverse, commemorating the many courageous **crossings made by ice boats** over the partially frozen Northumberland Strait before the days of car ferries and world-famous bridges.

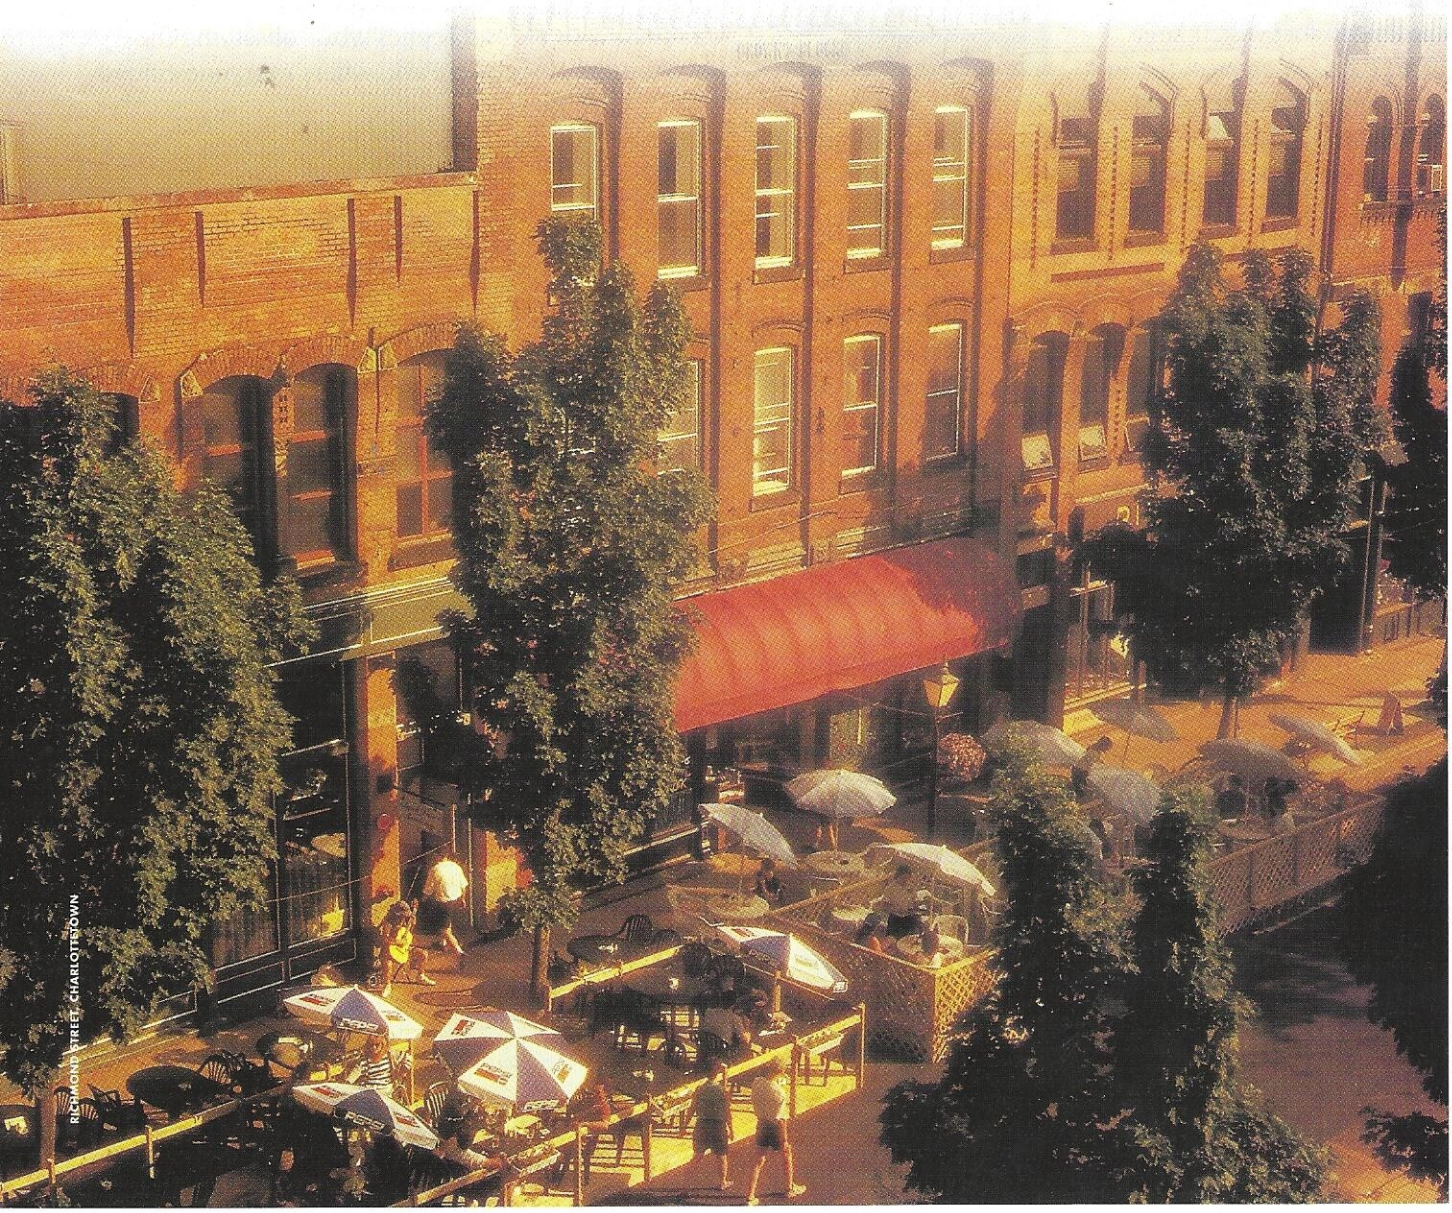
If you follow the TransCanada Highway from the Borden-Carleton ferry terminal to the capital city of Charlottetown, you will pass through the heart of our Charlotte's Shore region. Known locally as the "south shore", the area features Prince Edward Island scenery at its best – **rolling hills, red cliffs, winding rivers**. Locals and visitors alike treasure memories of wading along the shore, digging clams and listening to gentle waves. Here the shallow water really does reach bathtub temperature. Visit provincial parks at Chelton Beach, Victoria or Argyle Shore and add this experience to your memory bank.

Besides the coastline itself, Charlotte's Shore offers many other attractions. **Stop in for tea** at the charming Tea Cups & Roses in Crapaud. You will find activity centres along the TransCanada Highway such as Bonshaw 500 go-karts and the Car Life Museum. The highway winds through the rolling hills of Bonshaw and Strathgartney, a favourite area of exploration with sightseers, photographers, hikers and bikers. The placid West River is perfect for kayaking, canoeing or fishing.

A different route between Borden-Carleton and Charlottetown takes you right along the lovely south shore. A tour of the southern half of the **Blue Heron Drive** will reveal the special beauties of Prince Edward Island. For an enjoyable day trip departing from Charlottetown (or Victoria or Strathgartney), make a loop that includes Route 2 or 225 and the south shore of the Blue Heron Drive.



NORTH WILTSHIRE



RICHMOND STREET, CHARLOTTETOWN

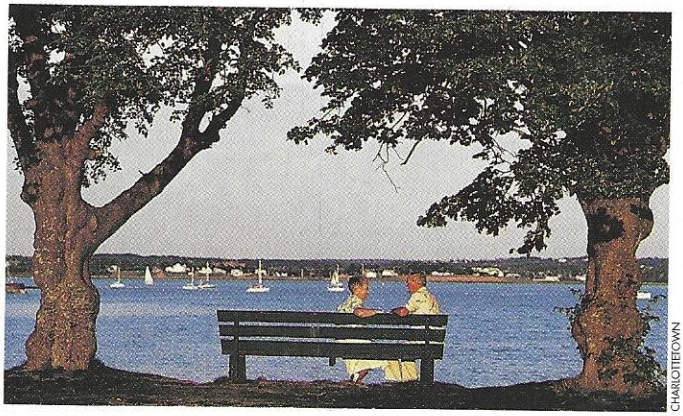
ANOTHER attractive option leads you via routes 235 and 13 through Kingston and past the Brookvale Provincial Ski Park. This shorter drive will return you to the TransCanada Highway near Victoria, a spot not to be missed in your South Shore tour. This village remains much as it was at the turn of the century with quiet, tree-lined streets leading down to the harbour. Although your first impression of Victoria may be one of a sleepy village, don't be fooled; it bustles with activity from June to September, including a repertory theatre, tea rooms and craft shops, the new Sea Winds Restaurant, the Victoria Seaport Museum, even a chocolate factory. You will find accommodations in Victoria, many of them in **the gracious old style of times past**.

HERITAGE FALL FESTIVAL

As you continue along the twisting Blue Heron Drive towards Charlottetown, you will arrive at Fort Amherst-Port-La-Joye National Historic Site. This beautiful park commemorates the first French settlement on the Island and the British fort which later usurped it. At its peak the fort served an important military function, but all that remain are the original earthworks over 200 years old. An **interpretive centre** illustrates the history of the site, while the grounds and shore make a lovely picnic and strolling area with a great view of Charlottetown and the harbour.

Charlottetown, the capital city and major service centre for the province, has much to offer visitors. The city is most famous as the Birthplace of Confederation and home to the Charlottetown Festival. This year, a new Celebrate Canada Festival will be inviting visitors to participate in a fun-filled, four-day schedule which will include a laser light show, international dance performances, concerts, sports events, dory races and buskers. All this will culminate in a grand Canada Day celebration to be held in the beautiful new **Confederation Landing Park** on the Charlottetown waterfront.

Later in the summer, watch for Old Home Week, the Island's way to celebrate the agricutural industry



CHARLOTTETOWN

BONSHAW

with livestock and other farm exhibits, a midway and ten days of harness racing, culminating in the renowned Gold Cup and Saucer Race. In late August, the **Festival of the Fathers** will liven up the city scene and in October, the first annual PEI Wine Fest will be a new fall attraction.

Peake's Wharf, at the city's waterfront, has become a central focus for visitors and residents alike with its restaurants (outdoor seating of course), craft shops, schooner tours of the harbour and boardwalks along the waterfront. From Peake's, stroll up Great George Street, a National Historic Area. This was the route the Fathers of Confederation took from their ship to Province House, the site of the Charlottetown Conference which led to the founding of our nation. Not far away you will find the Island Crafts Shop, Cow's Ice Cream (their great **cow-graphic t-shirts** have been seen around the world), Beaconsfield Historic House with 11 historically furnished rooms, gift shop and book store. Settle on the Beaconsfield verandah with tea and scones while observing the activity around Victoria Park, where everyone enjoys

biking, jogging, tennis, sailing, windsurfing, and the children's playground.

A visit to Charlottetown will almost certainly involve a trip to the theatre, even if it's only on the street. If you have never seen the Charlottetown Festival's musical version of *Anne of Green Gables*, find out why this favourite show has drawn full-house crowds for the past 31 years. But *Anne* isn't the only show in town. The Festival will also present **children's theatre**, and *A Closer Walk with Patsy Cline* a cabaret-style musical in the nearby MacKenzie Building. On Saturday and Sunday nights, *A Long Way from the Road* recounts touching and amusing tales of our past, accompanied by haunting strains of fiddle music. Don't forget *Wingin' It* or *Songs and Legends of Prince Edward Island*, also evenings of songs and stories. Experience the best of live Maritime music at the clubs along Kent Street.

A type of street theatre happens daily near Peake's Wharf when the Fathers and Mothers of Confederation present short outdoor pageants about the birth of our nation. Or pick up a sandwich and find a spot to enjoy the popular **Confederation Centre Young Company** as they perform stirring song and dance tributes to our country. There's dinner-theatre at the Charlottetown Hotel or, for something a little different, the **Off Stage Theatre**. This small company has been amusing audiences with *Annekenstein*, their satirical revue of all things "Anne."

In a wonderfully compact city such as Charlottetown, **shopping and dining out are a pleasure**; stores and restaurants are easy to find in several downtown or nearby shopping districts. The city's namesake, Charlotte, consort of King George III, would be impressed by the modern cultural and economic developments in our provincial capital.

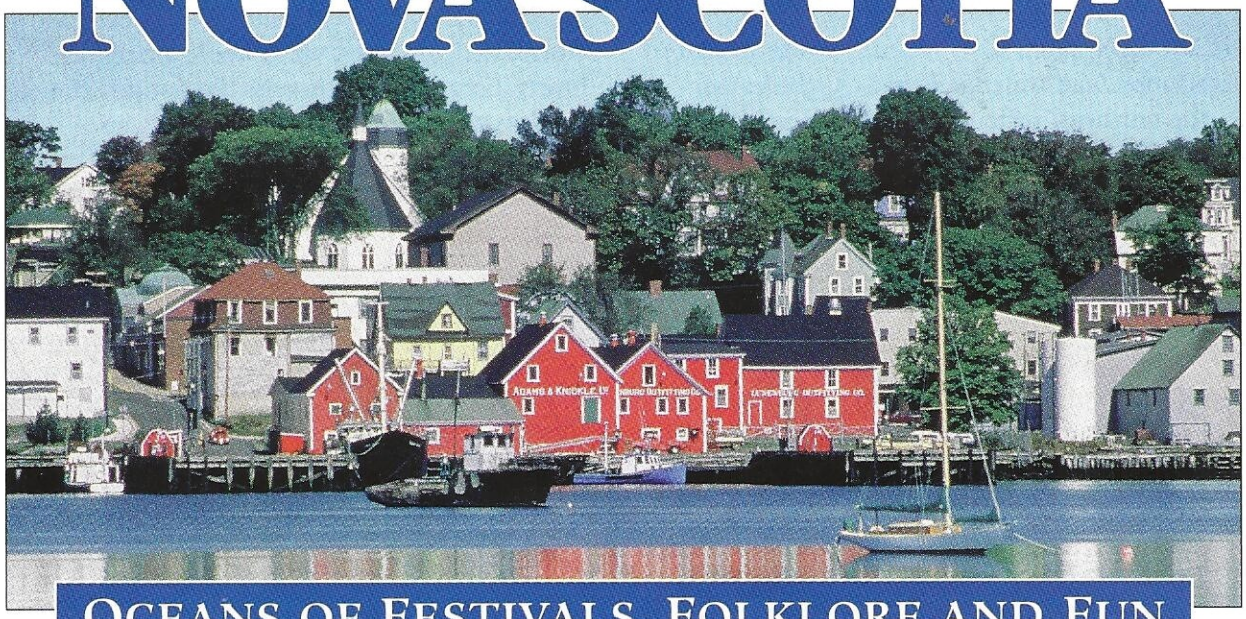
NOVA SCOTIA



OCEANS OF FESTIVALS, FOLKLORE AND FUN

Nova Scotia is the salt-tinged breeze blowing in from the Atlantic. The rumble and roar of mighty waves. And a steeple pointing up to the sun as it shines down on a tiny, colourful fishing village.

Explore the world-famous Cabot Trail as it traces a thrilling line between the mountains and the sea. Kick up your heels in a highland jig at a ceilidh (that's Gaelic for party) in honour of our Scottish heritage. Get face to face with a humpback whale as it gracefully glides through our plankton-rich waters. Then end the day with a hearty lobster dinner served with wine, salt-sea air and an ocean view.

From those who went on the water to those who waited for their return, our seafaring story is spun out in festivals, folklore, museums and music. And it's all waiting for you just a short ferry-ride away from Prince Edward Island. Drop by and experience our way of life in tune with the tides as Nova Scotia celebrates the Year of the Wooden Boat.

Bays & Dunes Day Tour

THE WORDS "BAYS AND DUNES" invite instant association with water and sand. As the name implies, the northeast region of Prince Edward Island reveals the Island's coastline at its best. From Savage Harbour all along the north side around East Point and down to Launching, spectacular white beaches stretch beneath a backdrop of Marram grass-covered dunes. Untouched and uncrowded, these are places for nature lovers. Forgive us if you miss the hot dog stands, beach vendors and the roar of the dune buggies.

Venture inland by bike or on foot on specially designated Scenic Heritage Roads, nature trails and

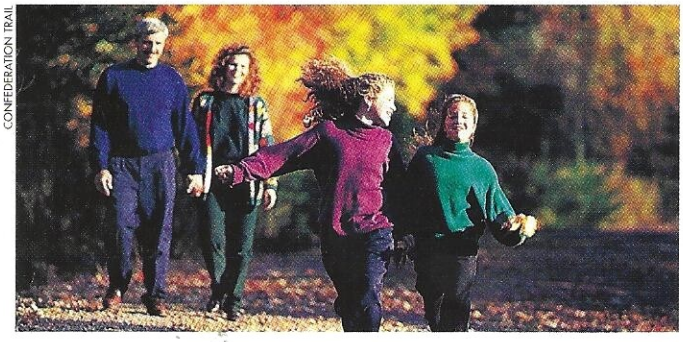
demonstration woodlots. If you prefer water sports, the south-side bays from Souris to Cardigan are perfect for windsurfing; and you can do some **relaxed canoeing or kayaking** on the larger rivers such as the Morell, Midgell, Souris, Fortune, Boughton or Cardigan. Bring your rod and fish for salmon in the Morell River, or trout in over two dozen ponds and fishing holes in the region, or go for the bluefin tuna out of North Lake.

But our special places are not all the work of Mother Nature. In the Bays & Dunes region you will also find classy craft shops, the finest of fine dining and elegant heritage inns. For all the details on a full range of accommodations, activities and dining, check the following pages.



CONFEDERATION TRAIL

ROLLO BAY FIDDLE FESTIVAL

This year, the Bays & Dunes region introduces the new Confederation Trail. Thirty three kilometres of abandoned railbeds have been converted to recreational trails for hiking and biking in summer and snowmobiling in winter. Park your car in Mount Stewart and hike your way to the railway museum in Elmira, or pick up the trail at any other point in between.

Also new is the **Bays & Dunes Drive, an audio-taped guided tour of the region**. At the Poole's Corner Visitor Information Centre, **simply pop the tape in and begin a private tour** that takes you around the south shore to East Point, down the north side to Mount Stewart, and cross-country back to Poole's Corner.

In the quaint village of Cardigan you can stop for tea or a meal, shop for crafts, take a riverboat tour or even play a game of tennis. Consider signing up for a deep-sea fishing tour at Launching, further along Route 311.

EAST POINT

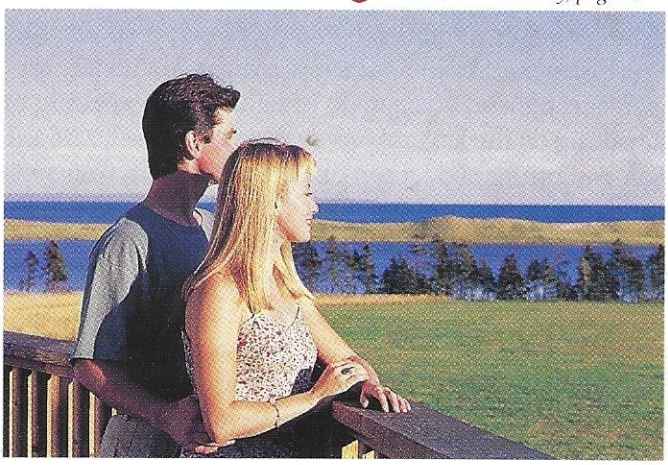
More on where to stay, page 132

IF YOU'RE IN THE AREA in late August, you won't want to miss the Dundas Ploughing Match, a typical rural agricultural fair. As you wind your way along Route 310, watch for some of our **315 bird species** – especially the magnificent great blue heron in the roadside salt marshes and inland ponds.

At the tidy little village of Fortune you will be surprised to find **one of Canada's top ten restaurants** at the Inn at Bay Fortune. Awarded three stars by the guidebook *Where to Eat in Canada*, the restaurant serves creative and contemporary versions of the Island's best fresh food in a country inn setting.

After Fortune, join Route 2 which will take you to Souris, the commercial hub of the region. As you drive through Rollo Bay, be sure to stop at the scenic look-out to admire and photograph the magnificent view of the bay. The community is also home to the Rollo Bay Fiddle Festival that draws talent from across North America each July.

In Souris you will find all the services you need, from accommodations, food and craft shops, to all types of retail stores, laundromats and a liquor store. If you're

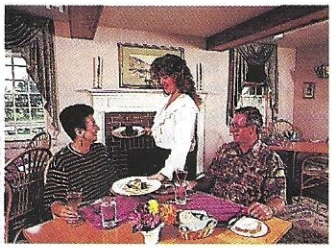


ARROWHEAD LODGE

there in July, you will want to take in the Souris Regatta, billed as a "Celebration of the Sea," whose highlight is the Saturday afternoon boat races. Don't forget, Souris is also the terminus for the daily car-ferry service to the Îles-de-la-Madeleine.

Between Souris and East Point, be sure to stop long enough to enjoy a walk on the **most magnificent beaches on PEI**. Pitch a tent at the excellent Red Point

BASIN HEAD

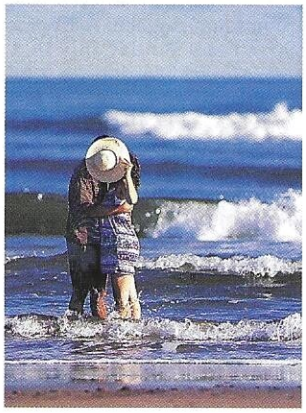


INN AT BAY FORTUNE

Provincial Park. Take off your shoes and discover the secret of the "singing sands." The fisheries museum at Basin Head is a "must," with displays explaining the fishing industry and a first-class beach area. If camping's not your style, spend the night in the lap of luxury at the new Arrowhead Lodge or one of several elegant inns. At East Point, **climb to the top of the lighthouse**, and marvel at the "meeting of the tides." If you have already been (or plan to go) to North Cape, don't forget to collect your ribbon, to prove you have travelled the Island from "tip to tip."

In Naufrage, take the time to enjoy the peace and quiet of the secluded nature trails at Shipwreck Point Park or if you happen there in July, join in the "Boat Poker Run" and ask for a bowl of "Nellie's Chowder" at the Naufrage Festival. Also in July, the village of St. Peters hosts the lively Blueberry Festival – what could be more delicious than a **blueberry pancake brunch**? Those rows and rows of white buoys you can see from the hill in St. Peters mark the mussel lines where the famous *Island Blue* mussels are grown for markets around the world. Don't miss your chance to sample some right here in PEI!

In July, the Village of Morell hosts a Strawberry Festival, where you can feast on the Island's distinctive strawberry shortcake. All golfers will want to accept the challenge of the magnificent Links at Crowbush Cove championship golf course. Crowbush was named **best new course in Canada** in 1994 by *Golf Digest*.



At this point you may choose to leave the Bays & Dunes Drive. Or you may journey cross-country, past some spectacular views of the Hillsborough River, and drop in at the Mooney's Pond trout-rearing facility or the Cardigan Fish Hatchery, before returning to your starting point.

NEWFOUNDLAND & LABRADOR

Hills & Harbours Day Tour

STANDING HIGH ON A HILL in Oceanview, in the centre of the Hills & Harbours region, you can **look out over the hills to the Northumberland Strait** miles away. The Selkirk Road, the view from Cape Bear, or the hills of Culloden and Grandview all offer great vistas of one of the most scenic regions of Prince Edward Island. The favoured activities here are touring, hiking, boat trips, photography – the "kinder, gentler" tourist pastimes.

As you follow the Kings Byway from Charlottetown through Alexandra, catch some striking views from Tea Hill or Mount Mellick. Soon after you rejoin the TransCanada Highway, look for the signs to **Orwell Corner Historic Village**. This heritage site re-creates a rural crossroads community much as it was in the last century. You can almost see the pupils running across the yard to the little red schoolhouse to carve their

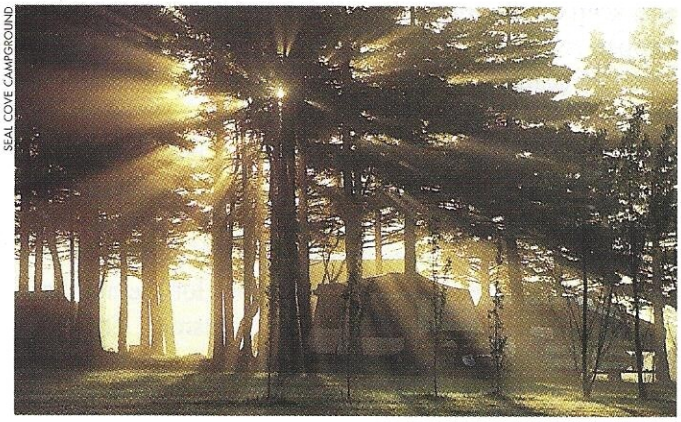
names into wooden desks; or you can imagine them buying penny candy after class at the corner store. The Village hosts a **ceilidh**, or **musical concert, every Wednesday evening** in the community hall during summer and fall. Come early, as the hall fills up quickly with devoted fans of fiddling and step dancing. Adjacent to Orwell Corner you will find the Sir Andrew MacPhail Homestead. Meals are served in this charmingly restored home of the 19th century philosopher and author of *The Master's Wife*, and visitors are welcome to tour the nature trails in the surrounding woodland.

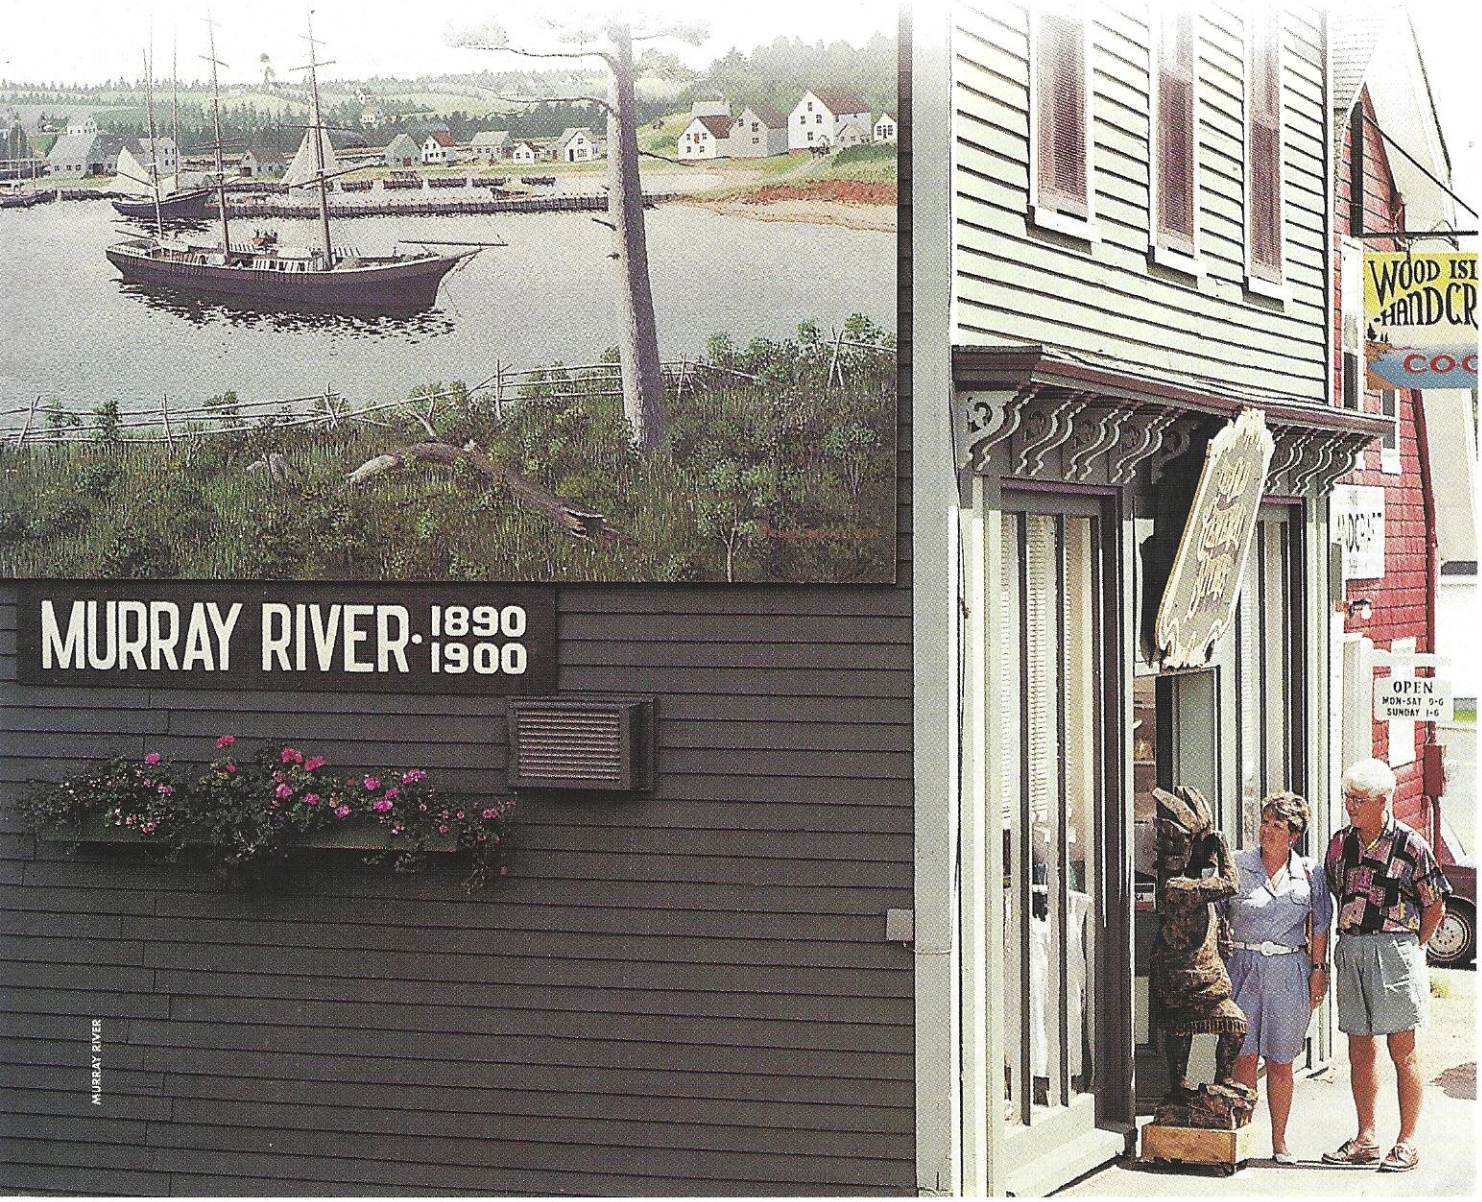
The residents of the region are keenly aware of their heritage and take great pride in its history. A visit to the Belfast Church, the Polly Cemetery or the British Royalty Collection in the Belfast area will reveal strong connections with the "home country."

A drive down to Pt. Prim will lead to the oldest lighthouse on the Island and the **only round brick lighthouse in Canada**. On Tuesdays, the Pt. Prim chowder house will host seafood and fiddle evenings.

If you prefer to leave the beaten path, this region has a fascinating collection of unpaved back roads through the woods, along little fishing streams, or past a secluded craft producer's studio.



SEAL COVE CAMPGROUND



MURRAY RIVER

NO FEWER THAN THREE designated Scenic Heritage roads can be found in the Hills & Harbours region, so watch for the signs (identified by a brown two-tree symbol on the highway map). You can explore such secret treasures as **Jack's Road, the Klondyke** or the **County Line Road**. Pick up the booklet which describes all 16 Scenic Heritage Roads across the Island. Please note, it's common knowledge that you can't get permanently lost on PEI, so enjoy yourself and keep on driving – on the Island, the worst that can happen is that sooner or later, you'll come to the edge. Friendly Islanders are always glad to help with directions.

The next stretch of the route is for shoppers. For a very special souvenir of Prince Edward Island, stop in at the Rossignol Estate Winery in Little Sands. You can choose from **locally produced wines** and selected crafts for a most unusual gift to take home. Southeastern PEI and the Murray River/Harbour area have become famous for the number and range of **craft shops**. Flat River Craftsmen, The Old General Store, the Wood Islands Handcraft Coop, the Primrose Path, Moonray Garden Crafts, Moonshadow Mementos and Tidewater Crafts and Gifts are just a few of many scattered throughout the region. See the pages at the end of this section and use the excellent highway signage system to find your way to craft shoppers' heaven.

A trip into the interior of the region could lead you to Ben's Lake (catch and release or fee fishing) where fat trout are waiting for your hook, the Buffaloland Provincial Park or the Harvey Moore Wildlife Management Area.

You should not leave the hills without also exploring some of the region's delightful harbours. **Seal watching** is a popular pastime for visitors to the region and the captains hosting tours out of Murray River and Montague will supply information on local marine and bird life. They will also tell the story of the mussel industry and, of course, point out the harbour seals which are commonly seen sunning themselves along these shores.

ORWELL CORNER HISTORIC VILLAGE

PANMURE ISLAND

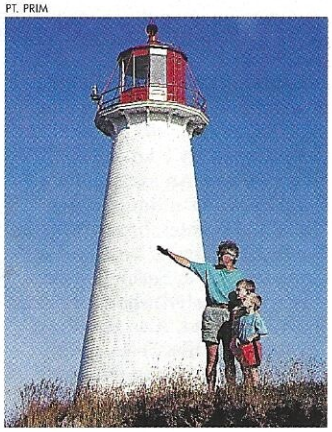
MURRAY RIVER

You will notice rows of buoys in many of the bays; they mark the spots where lines of our famous *Island Blue* cultured mussels are growing fat in the clear water. This specialty industry has enjoyed rapid expansion in PEI, and our tasty *Island Blues* are shipped around the world. Of course, there is no better pleasure than to taste them here at the source. Steam *Island Blues* in a big pot, **dip in melted butter** and enjoy! Or sit back and order mussels in one of the many restaurants which serve them. Mussels also make a tasty and easy appetizer for a lobster supper.

On your way from Murray River area to Montague, allow some time (an afternoon, a whole day or even a week) for a visit to the beautiful **Panmure Island Provincial Park**. White sand beaches, great windsurfing and a first-class campground make this park a favourite for travellers and locals alike. In mid-August, the Fourth Annual Abegweit Pow Wow celebrates native culture with sweats, sunrise ceremonies, traditional dancing and drumming.

Montague-the Beautiful, as it is known, is home to the Garden of the Gulf Museum and a lovely little marina just in the centre of town. This attractive community, a service centre for the region, offers bed & breakfasts, motels, shopping and restaurants. Craft shops like Wooly Wares, Ribbon Air and Sutherland's Island Crafts and Gifts are all located in the outskirts of Montague, and The Station has an excellent selection right in the heart of Montague in the old railway station at the Marina. Pick up a brochure and take a walk along the **Old Mill Trail** to Knox's Dam.

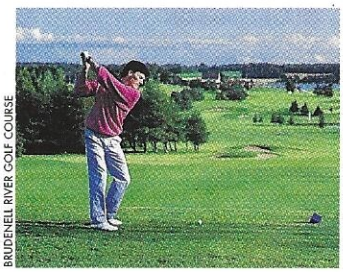
PT. PRIM



For a snack of home-made ice cream and a go at mini-golf or go-karts, drop in at Poole's Corner. The motel units at the Whim Inn are conveniently located for touring both the north and south regions of eastern PEI.

In 1996, Montague will be a lively cycling centre, as it hosts the 10th Anniversary of the Atlantic Canada Bicycle Rally August 3-5. The long weekend is designed to appeal to cyclists of all sorts, with longer rides for the more experienced and short tours into the countryside for families. As with any Island event, be prepared for plenty of fun and social activities associated with this popular rally.

Maybe you're the sort of traveller who enjoys a **ready-made vacation**. If it's hassle-free you want, look over the packages offered at Rodd Brudenell River Resort. With hotel, chalet and housekeeping units, horseback riding, tennis lawn bowling, kayaking, canoeing, schooner tours and windsurfing plus a full-service restaurant and lounge, this is a place to come and relinquish all responsibility. Brudenell's 18-hole championship golf course has received a four-star value rating in *Golf Digest's* "Places to Play" for 1994-95, and is host to the **CPGA Montclair Classic** in late August.



BRUDENELL RIVER GOLF COURSE

For an unusual evening out, look into a sunset seal-watching cruise from the Montague Marina with mussels and refreshments. And just beyond Brudenell Resort you'll find Georgetown, a historic town and the county seat. Georgetown is also home to the **King's Playhouse**, whose busy schedule in 1996 includes classics like *Arsenic and Old Lace* and *The Butler Did It* and especially for the kids, *Hansel and Gretel*.

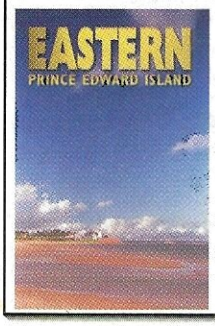
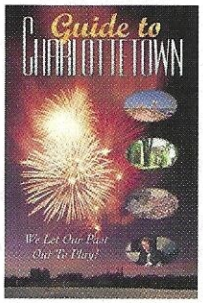
KINDRED SPIRITS ☐

A 25-30 page magazine dedicated to "Anne" and the memory of L. M. Montgomery. Contains articles about the author's life, about life and events which take place on PEI, as well as contests, recipes, crafts, etc. Also ask about our catalogue, featuring her books, and various other "Anne" products.



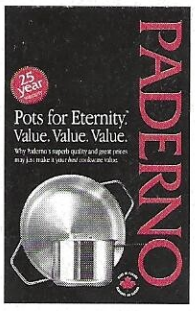
EASTERN PEI GUIDE "ISLAND EAST" ☐

The people hosting you in Eastern PEI extend an invitation to discover a unique part of our Island. This 48-page colour guide features local crafts, quality accommodations and dining, festivals and events, tours and trails, beautiful beaches and the Island's best golfing.



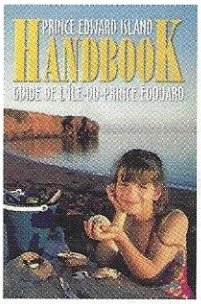
THE GUIDE TO CHARLOTTETOWN ☐

This 48-page full colour guide includes in-depth information on the history and culture of our city with the most thorough information on where to stay and what to do. Includes street maps, festival listings and an accommodations supplement.



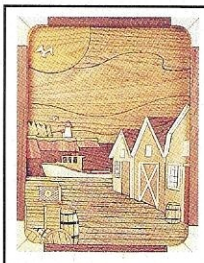
PADERNO COOKWARE ☐

Paderno. Pots for Eternity. Superior quality, stainless steel cookware, complete with a 25-year warranty. Outstanding cooking performance, durable and styled to complement any kitchen. Our professional range, Chaudier, is also available.



THE PRINCE EDWARD ISLAND HANDBOOK ☐

Over 152 full colour pages, listing over 450 attractions, restaurants, stores and services – Island wide! Includes 10 regional maps, festival listings, travel information and much more. The most comprehensive guide to what's going on this year on Prince Edward Island.



WHARF'S END TRADING COMPANY ☐

We've selected the best the Island has to offer, and presented it within the pages of our colour mail-order catalogue. Quality products, designed and produced in PEI, unique to Canada's smallest province; ready to ship right to your door.
